

DeIEASI

DELAWARE ENVIRONMENTAL ALLIANCE FOR SENIOR INVOLVEMENT

*DeIEASI, an acronym for the original alliance, has been retained to identify the current independent organization.

MISSION

Assist in improving the environment by utilizing the technical and management skills, knowledge and expertise of senior volunteers to provide guidance and information to public and private entities.

To accomplish our mission, DeIEASI interacts with a variety of organizations at the local, state and national level. We are sponsored by RSVP of New Castle County and are independent of industry, government or environmental advocacy groups.

RESOURCES

Volunteer members represent a cross-section of technical, academic and management leaders from the community. Working with clients, we use our experience and knowledge to analyze complex community problems and issues and assess potential solutions.

CONSIDERATIONS

NEUTRALITY – unbiased and nonpartisan

EXPERIENCE – senior professionals at all education levels with practical work background

AVAILABILITY – schedule flexibility

DIVERSITY – variety of skills, e.g. chemical research, accounting, management, education, medicine and health, environmental control, project leadership, administrative and technical assistance, etc.

CREDIBILITY – established image and reputation of the group and the individuals within the community

TYPICAL ACTIVITIES

- Management of agricultural nutrients
- Audit of hazardous chemicals use & storage
- Safety audit and guidance
- Highway noise control
- Waste disposal and recycling
- Brownfields assistance
- Autism education evaluation
